AMAYA in a process of change

In April 2023 the Regional Government of Andalusia has approved the creation of the **Agencia de Seguridad y Gestión Integral de Emergencias (ASEMA)** -*Security and emergency management Agency*- with the aim of grouping different emergency entities into a common management system. The INFOCA and other personnel from AMAYA's structure will be integrated into this new agency.

 **Junta de Andalucía** (13 regional departments)

OBJECTIVES:

1. Improve 'internal' procedures in case of floods (and extreme meteorological events in general)

1.1. Distribute official warnings to INFOCA staff. Specifically to people working alone in fire lookout towers.

1.2. Preventive measures in risky areas before the event. Tools, PPE, People on duty or in advise.

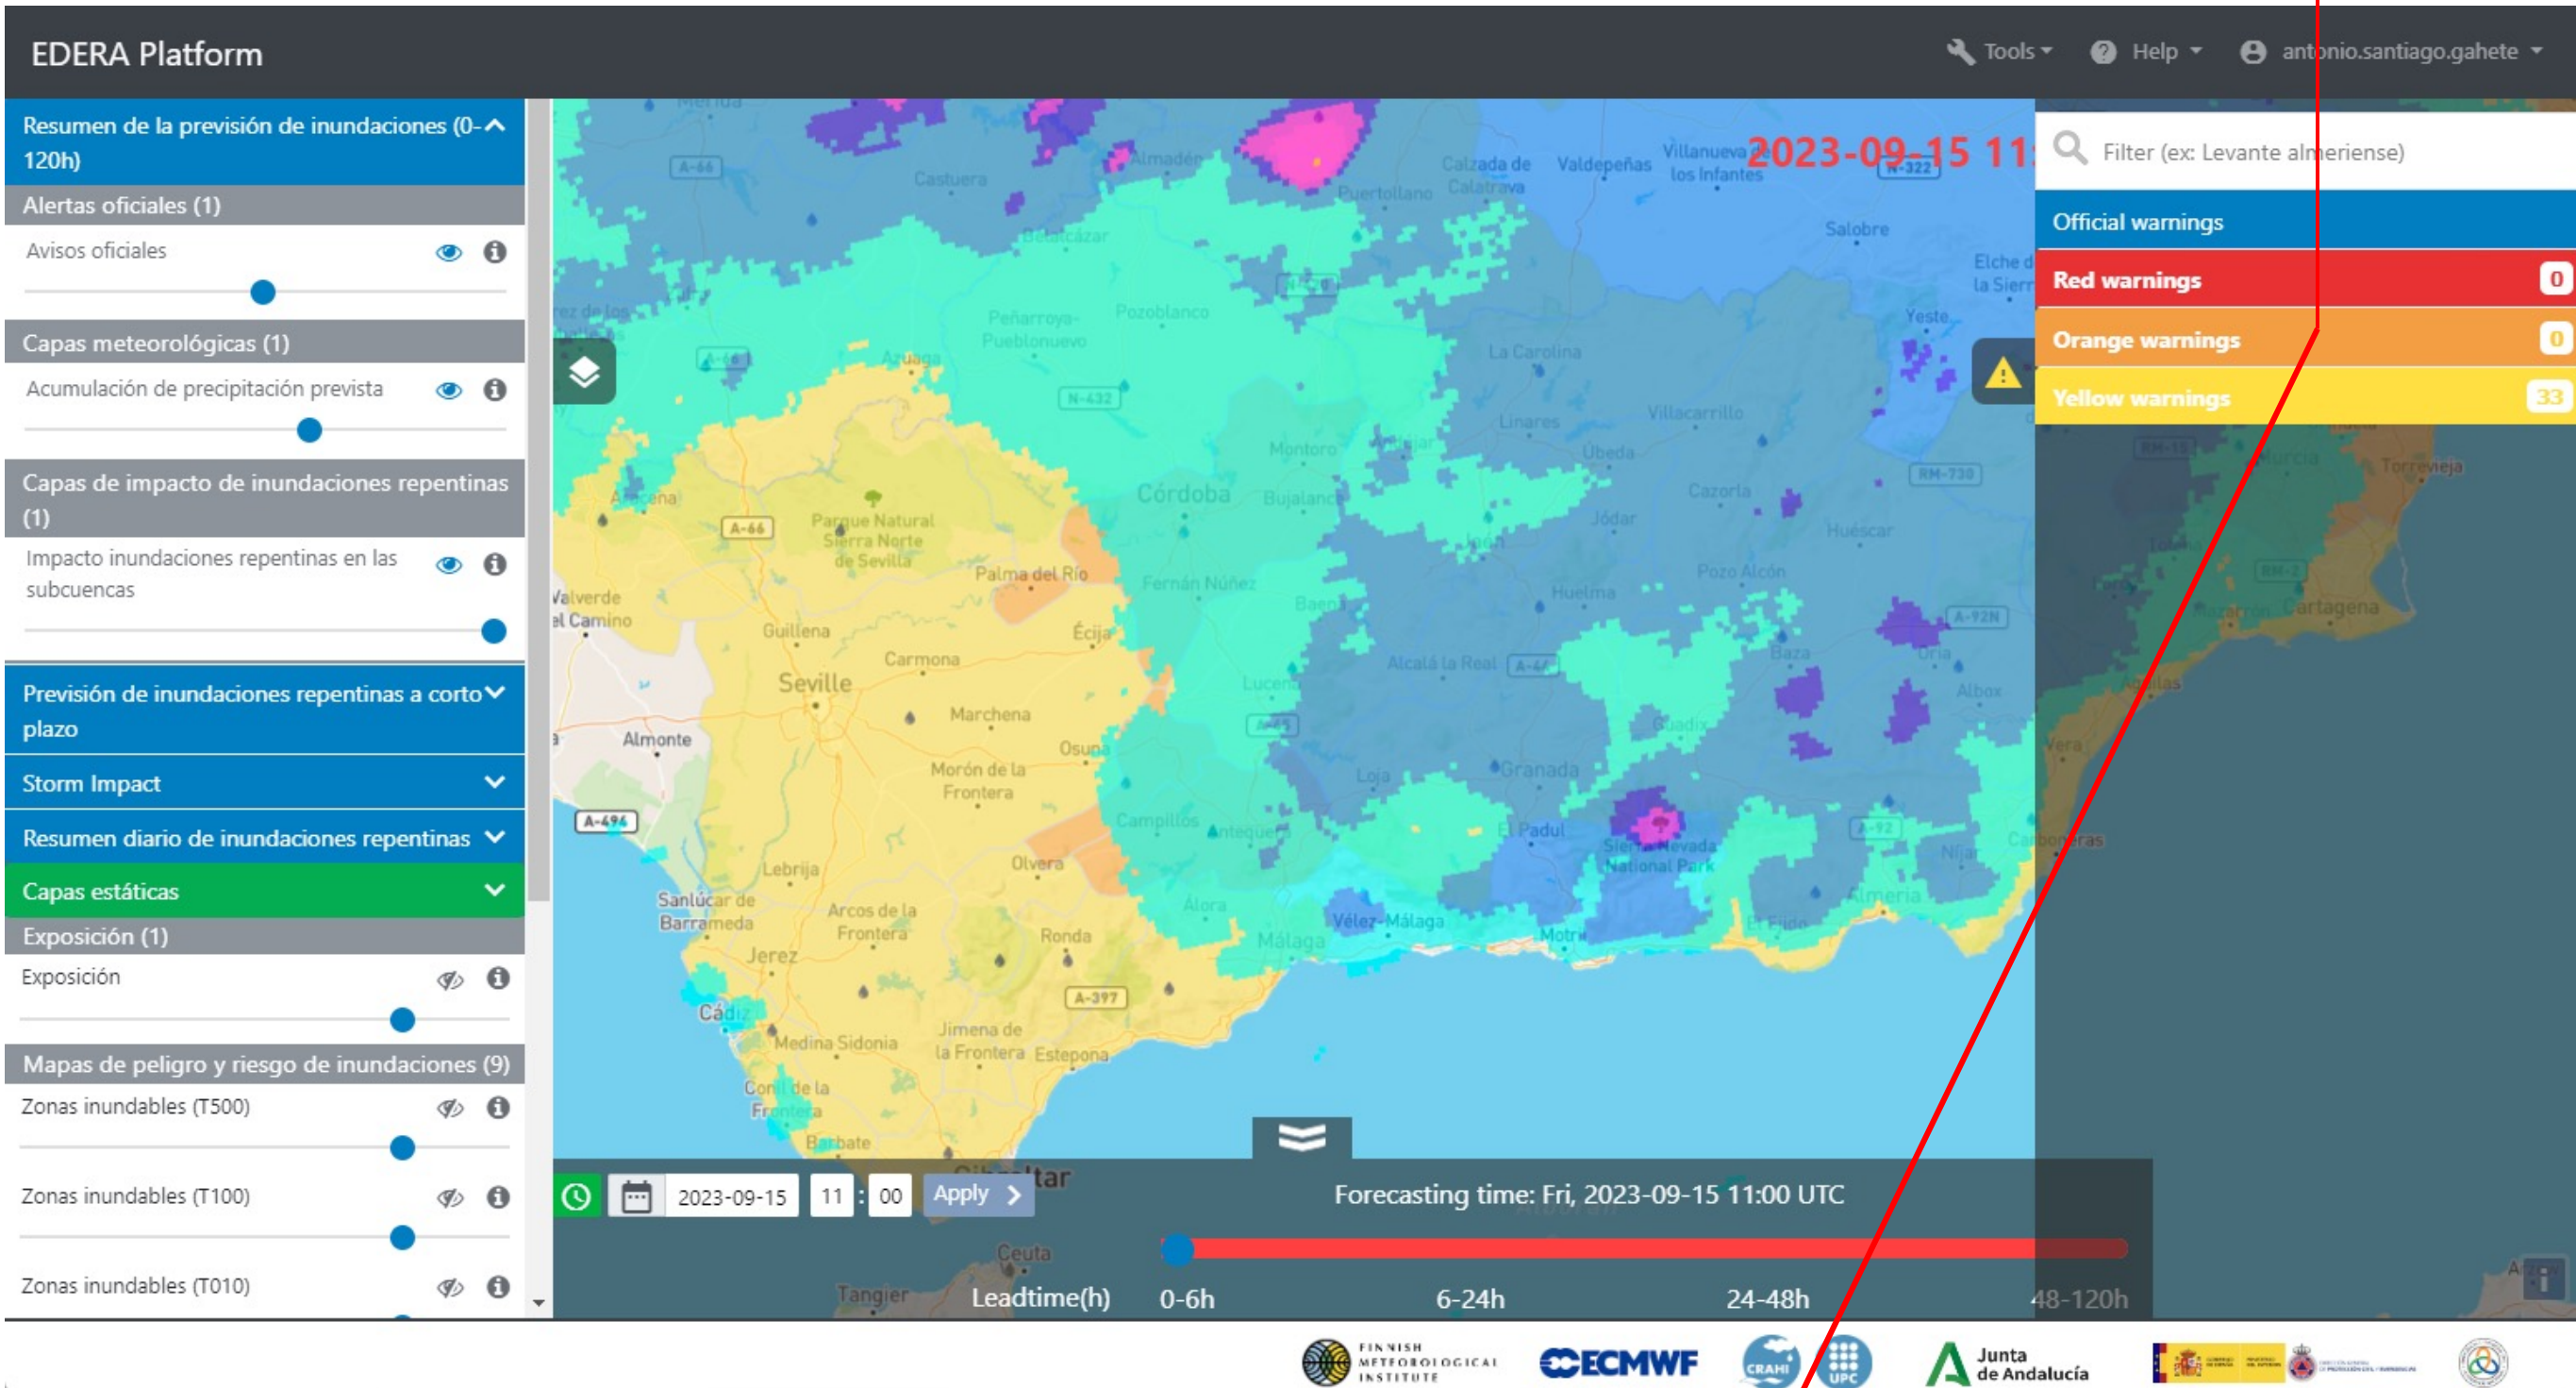

1.3. Distribute official warning information to all the staff in AMAYA to prevent impacts in outdoor activities.

2. Improve procedures in case of floods in Andalusia (regional)

**Jointly with Civil Protection Andalusia
(stakeholder)**
